

We exist to make disciples who LOVE, GROW & SERVE.

Hi New Hope Family,

We are going to weather this virus 'season' together, and God will be with us along the way. Nothing we face in this world can separate us from the love of God in Christ!

Here are a few updates we want you to know about and be a part of along the way:

Worship— (LOVE God)

Online worship will launch on Sunday, March 22 at 10:00 am. For Week 1, we will provide a pre-recorded preaching video without music. It will be accessible through nhcc4all.com, [Facebook](#), and email. We will keep working daily on refining meaningful and relevant worship experiences for New Hope. Our goal is to be a voice of hope and encouragement.

Tithing/Giving—We want to encourage you to continue supporting our ministries to extend God's kingdom. Your regular financial giving supports the long-term financial health of New Hope. Here is a list of possible avenues for giving from a distance:

- Mail a check to our church's address: 5422 Vann Rd, Newburgh, IN 47630
- Request your bank to mail a check from your account to our church's address: 5422 Vann Rd, Newburgh, IN 47630
- Place a check or cash in the locked drop box at the church's front doors. (It will be checked daily.)
- Sign up for online giving by clicking below: (*Please note each one charges a % fee for their service.)
 - [Easy Tithe](#)
 - [Sharefaith](#)

Community— (LOVE others)

We will use our small groups to help enrich our care for the entire church family. We want every person at New Hope to feel loved by and connected to their New Hope family. Our goal is to be a voice of friendship and support.

PRAYER: We will be relying greatly on emails to share prayer requests and phone calls to pray with one another. Praying for each other and together is a powerful way to love, grow, and serve one another.

Discipleship— (GROW in faith)

We are working on a variety of teaching materials in various formats for adults and students to use throughout the week. Our goal is to equip New Hope with resources that can foster spiritual growth and help us stay connected.

Mission work— (SERVE Christ)

We are working on developing opportunities for our families to be a Christ-like blessing in our communities. We will keep you posted. Our goal is to be the hands and feet of Christ.

Since this new season may change rapidly, please be patient with communication efforts and ministry decisions. Let's model grace and patience through it all. *A Christian character is a great Gospel during crisis.*

With Love,
